

Video and Audio Specifications for the Program Portals

Video

All video to be posted to the program portals should be in an MP4 format

Audio

All audio to be posted to the program portals should be in an MP3 format

File Sizes:

Individual file sizes should not exceed 200 MB for either video or audio.

Uploading Content:

All content to be posted to the program portals should be given to the IT department to be uploaded. VCFA is using Amazon Web Services (AWS) for storage and streaming of both audio and video.

Embedding of Content:

The embedding of video/audio will be done by the IT Department.
